**MORE HEIGHT, STRENGTH, VIGOR AND NERVE-FORCE**

If You Take Bitro-Phosphate —Says Dr. F. S. Kolle

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by rounded curves of health and beauty, there are evidently thousands of men and women who keenly feel their deficiency as well as the organic weakness in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic base known by the name of Bitro-Phosphate, which is sold by most all druggists under a guarantee of satisfaction or money back.

Frederick Kelle, M. D., editor of New York Physician's "Who's Who," says: "Bitro-Phosphate should be prescribed by every doctor and used in every household of energy, which calls for nerve force and to enrich the blood." By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing. This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and the cheeks glow with the bloom of perfect health. CAUTION:—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

## DRUGGISTS!! PLEASE NOTE VICK'S VAPORUB OVERSOLD DUE TO PRESENT EPIDEMIC

Tremendous Demand Last Few Days Has Wiped Out Excess Stocks That We Had Estimated Would Last Until Next January. Last Week's Orders Called For One and Three-quarter Million Jars—Today's Orders Alone Amount to 932,459 Jars.

**Big Shipments Are En Route to Jobbers. Until These Arrive There May Be a Temporary Shortage. All Deals Postponed—Buy in Small Lots Only.**

**RETAILERS CAN GET IMMEDIATE SHIPMENTS DIRECT BY PARCEL POST.**

This advertisement is written on Monday, Oct. 21st. It is directed to the attention of all distributors of Vick's Vaporub, both wholesale and retail. In an emergency such as the present epidemic—our duty—and your duty—is to distribute Vaporub in the quickest possible manner to those sections stricken by influenza. We, therefore, call your careful attention to the following:

**DANGER OF SHORTAGE IF SUPPLY IS NOT CONSERVED**  
On Oct. 1st we had on hand, at our factory and in twenty warehouses scattered over the country, sufficient Vaporub to last us, we thought, until Jan. 1st, allowing for a 50 per cent. increase over last year's sale, and not counting our daily output. This big excess stock had been accumulated during the summer months.

Then this epidemic of Spanish Influenza hit us—and in the last 10 days this stock has vanished. At first we thought this tremendous demand would last only a few days, but the orders have run:

Wednesday, Oct. 16, 15,504 doz.  
Thursday, Oct. 17, 25,323 doz.  
Friday, Oct. 18, 39,256 doz.  
Saturday, Oct. 19, 45,523 doz.  
Monday, Oct. 21, 77,705 doz.

Up to Saturday, Oct. 19th, we have actually shipped for this month 240,000 or over two million jars of Vaporub.

**THE PROBLEM NOW IS TO DISTRIBUTE VAPORUB QUICKLY**  
Most of this tremendous quantity is still en route to the jobbers, but freight and express are both congested nowadays, and it may be some time before this supply reaches the jobbers. In the meantime, therefore, it is necessary that we distribute, as widely as possible, the stock that we are manufacturing daily. It is necessary for the jobbers and retailers to make up their minds to the fact that the output is about 4,000 dozen per day. We are putting on a night shift, but it will be a little while before that is producing.

**WHAT WE ASK THE WHOLESALE DRUGGIST TO DO**  
Last Saturday we notified all of our jobbers, by Special Delivery, as follows: "First—Deals and quantity shipments."
